STEIN BUILDERS FORMED TO CONTINUE TRADITION OF AWARD-WINNING COMMUNITIES

NAPLES, FL. – Charter Communities announces the formation of Stein Builders, managed by the team that produced the award-winning Forest Park community in Naples. Stein Builders enters the market with three new communities in Naples: Hemingway Place, da Vinci Estates and The Estates at Horsecreek.

The pristine community of **Hemingway Place** is located just one block from Naples' beaches. Homebuyers have a choice of custom single-family homes built in either French Victorian, Old Florida, Italianate or Low Country style of architecture. Priced from \$1.1 million, the homes feature column-lined front porches that are saturated in shade, oversized lanais to take in the warm summer breeze, and pool/spa packages designed to relax and refresh.

In North Naples, just east of US 41 are **The Estates at Horsecreek**, featuring five distinctive floor plans that are designed to fit the needs of single families and down-sizers alike. Standard features include granite kitchen countertops, raised panel kitchen cabinetry, brick entries and driveways, minimum 10-foot ceilings and security systems. The homes are priced from the \$800's.

Homeowners at **Da Vinci Estates** enjoy a membership at Old Cypress Country Club, featuring a championship golf course and an award-winning, luxuriously appointed clubhouse with world-class dining, a state-of-the-art fitness center, lap pool, tennis facilities and a manicured landscape setting. Spacious one- and two-story floor plans feature three-car garages, oversized screen lanais with pool/spa packages, gourmet kitchens and marble bathrooms. Da Vinci Estates is located conveniently off of I-75 on Immokalee Road.

“We are delighted to offer three new communities in which customers can match value and luxury while obtaining their dream home,” said Michael Stein, chief executive officer and principal of Stein Builders. “With a range of price points and architectural styles, we can accommodate any luxury buyer in the Naples area.”

Naples-based Stein Builders, founded in 2005], is a homebuilder known in Florida for its proven track record and excellent customer service record. The team's Forest Park community won numerous industry accolades, including the 2004 and 2005 Sand Dollar Award for Community and Clubhouse of the Year and multiple product design awards by the CBLA of Southwest Florida. Principal and CEO Michael Stein has been a multiple recipient of The American Specialty Contractors of Florida "Builder of the Year" award recognizing excellent construction management, customer relations and financial stability.
